

19. Headline feedback meeting at the end of Phase 2 - Fieldwork

The inspectors will return to the local authority one week to ten days after the end of the Fieldwork Phase and present the headline findings in a meeting with the senior managers in social work services.

They will outline strengths and areas for improvement in each of the areas for evaluation. This feedback is not intended to provide definitive conclusions and the material is not intended for publication.

At the meeting, the local authority is invited to respond to the comments if it wishes to do so and also to provide additional material. It has one week from the headline feedback meeting in which to do so.
